14-17hrs: Platform for the refugees organisations and initiatives with following discussion in different workgroups about topics, which are strong related to Residential law. The workgroups figure out the relationship between the Residential Law and the systematic repression of refugees in all spheres of (German) soceity, here should be the possibility for sharing, strengthening and fixing contacts between several local and nationwide organizations of refugees. There should be outlined perspectives of a wide movement of refugees´ resistance respectively antiracist resistance. The workgroups could find some basics for the future of a wide resistance against forms of racist politics.

1. real life of refugees - situation in refugeecamps, consequences of the „Asylbewerberleistungsgesetz“ (e.g. Gutscheine), consequences of the nearly complete refuse of freedom of movement, etc.
2. deportation and deportationprisons; Akubuo A. Chukwudi and Church Asylum
3. control and security/safety („Schleierfahndung/criminal investigation“, police-controls, „Bundesgrenzschutz“, systems of denunciation)
4. Freedom of movement and illegality
